## About Us

COA creates a Caribbean learning community of diverse, intellectually passionate students and teachers. Our vibrant online classes in many subject areas engage and challenge students to reason analytically, think creatively and argue critically.

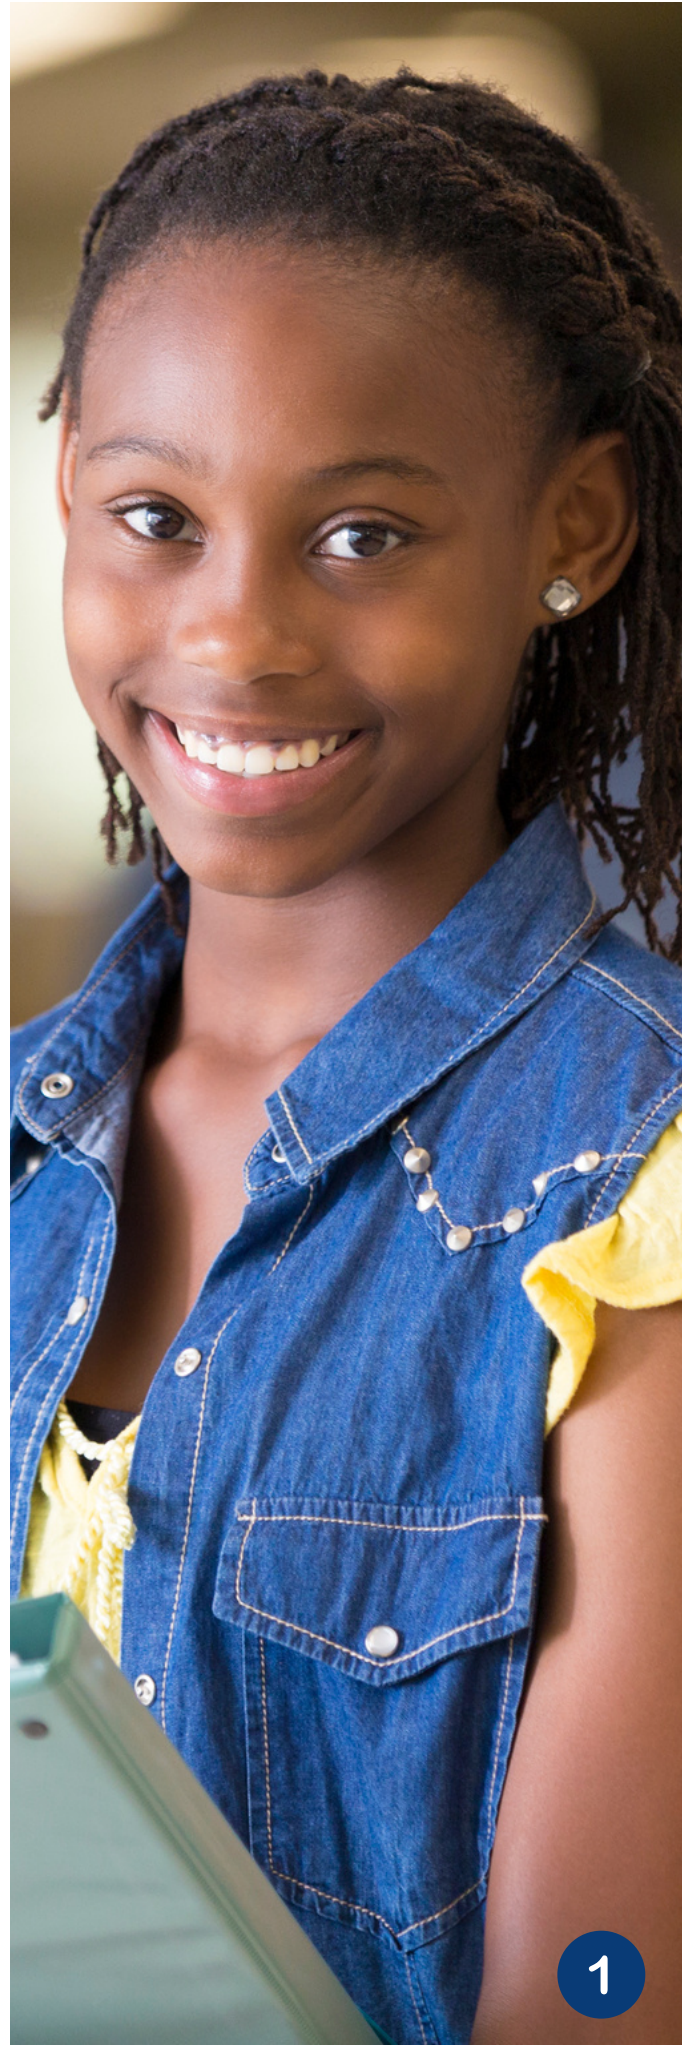

Our unique learning environment provides common intellectual framework for students to excel in the Caribbean regional standardized examinations. We currently have learners in 12 different countries in the region.

We are proud to be working with a cadre of highly qualified professionals who want to see our students do well. Our team brings not only a high level of expertise to the classroom, but also a passion for teaching.

Our CEO & Principal of Academics received the **Prime Minister's Medal of Appreciation Award** for her contribution to nation building.

## Vision Statement

Education is the key to our student's future. Caribbean Online Academy strives to enable students to acquire that key by providing an alternative path to the traditional environment and setting them on the course of a lifelong practice of self motivated learning, in an environment that prepares them for a successful life in the global 21st century.
